

DAVID BAUMAN, PSYD

Co-Principal, Beachy Bauman Consulting, PLLC

Dr. David Bauman is a licensed psychologist and principal member of Beachy Bauman Consulting, PLLC. Dr. Bauman regularly consults with health systems around the globe regarding the integration of behavioral health into primary care and helping providers and systems provide contextual and compassionate health care. He also serves as the behavioral health education director at Community Health of Central Washington, where he oversees various behavioral health training programs (e.g., predoctoral psychology internship, post-doctoral psychology fellowship, and psychosocial medicine curriculum within the family medicine residency.) He serves as the regional training director of the National Psychology Training Consortium-Cascades Region psychology internship. Lastly, Dr. Bauman works as a behavioral health consultant at Central Washington Family Medicine.

BRIDGET BEACHY, PSYD

Co-Principal, Beachy Bauman Consulting, PLLC

Dr. Bridget Beachy is a licensed psychologist and consultant dedicated to integrating behavioral health care services into medical settings. Dr. Beachy is currently the co-principal at Beachy Bauman Consulting, PLLC, and the director of behavioral health at Community Health of Central Washington, where she practices as a behavioral health clinician (BHC) and enjoys delivering clinical services to patients of all ages.

Dr. Beachy has experience training interdisciplinary professionals (e.g., BHCs, medical providers, nurses, senior leadership, directors) and students in integrated care as well as Acceptance and Commitment Therapy (ACT) and Focused ACT (fACT). She presents internationally, nationally, and at the state and local levels. Dr. Beachy has a passion for consulting with both organizations and individuals alike regarding the integration of behavioral health services into medical settings.
